**WARNING:**

Petitioner/applicant is cautioned to avoid submitting personal information in documents filed in a patent application that may contribute to identity theft. Personal information such as social security numbers, bank account numbers, or credit card numbers (other than a check or credit card authorization form PTO-2038 submitted for payment purposes) is never required by the USPTO to support a petition or an application. If this type of personal information is included in documents submitted to the USPTO, petitioners/applicants should consider redacting such personal information from the documents before submitting them to the USPTO. Petitioner/applicant is advised that the record of a patent application is available to the public after publication of the application (unless a non-publication request in compliance with 37 CFR 1.213(a) is made in the application) or issuance of a patent. Furthermore, the record from an abandoned application may also be available to the public if the application is referenced in a published application or an issued patent (see 37 CFR 1.14). Checks and credit card authorization forms PTO-2038 submitted for payment purposes are not retained in the application file and therefore are not publicly available.

Sir:

**STATEMENT ACCOMPANYING PETITION FOR REVIVAL OF  
APPLICATION UNDER 37 C.F.R. § 1.137(b) FOR UNINTENTIONAL ABANDONMENT**

In accordance with 37 C.F.R. § 1.137(b), Applicants hereby petition for revival of the above-referenced patent application for unintentional abandonment. Applicants hereby state that the entire delay in filing the present petition and the submission of the issue fee was unintentional. As indicated in the Transmittal Letter for the Submission of Issue Fee filed by Applicants on August 26, 2005, and reiterated in the Petition to Withdraw Holding of Abandonment under 37 C.F.R. § 1.181(a), filed by Applicants on March 2, 2006, Applicants authorized the Director to charge the required issue and publication fees for the above-referenced application to Micron deposit account No. 13-3092.

However, due to the large number of filings and payments of issue fees due in September and October of 2005, the aforementioned deposit account was depleted to a point such that the requisite fees due

for the above-referenced application were unable to be charged. Because sufficient funds were unavailable at the time the PTO charged the deposit account, the application went abandoned. Once Applicants were notified of the abandonment, a petition was filed to withdraw the holding of abandonment. The Petition to Withdraw Holding of Abandonment was denied by the PTO. Accordingly, the present Petition for Revival of Application is being submitted along with the present statement indicating that the abandonment of the application was unintentional. Applicants respectfully request favorable consideration of the present petition.

The Commissioner is authorized to charge the requisite fee of \$1,500.00 for the Petition for Revival, \$1,400.00 for the issue fee, \$300.00 for the publications fee, \$3.00 for one soft copy of the patent, and any additional fees which may be required to the credit card listed on the attached PTO-2038. However, if the PTO-2038 is missing, if the amount listed thereon is insufficient, or if the amount is unable to be charged to the credit card for any other reason, the Commissioner is authorized to charge Deposit Account No. 06-1315; Order No. MICS:0120/FLE (03-0231).

Respectfully submitted,
